Experience Rømø

Påskeløbet on Rømø will take place in very varied terrain with both open forest and dune areas. In April the terrain is very open and there can be risk of a lot of water in some areas. The terrain is in some areas very difficult and will give the runners some o-technical challenges. Our 3 course planner Hans Nielsen, Ove Brix Therkildsen og Lasse Skare Therkildsen expect to exploit the many possibilities in the forest, and there will be focus on doing the courses as exciting as possible.

Map Section

The event will be a 4 star event with complete new maps, which will be approved according to IOF's map standard, and controlled by a map consultant. All lane controllers will be from other clubs, that will give the event as many input as possible. All this will be done to give you participants the best experience and a event of high quality

See you at Rømø

Event Area

The event area will be at 2 different places at Rømø. 1. og 2. stage will be at Sønderland og 3. stage will be at Nørreland.

Training

It will be possible to do some training courses in forests close by, before the event. Stensbæk Plantage and Hønning Plantage will offer dune terrains and mixed forest with a lot of details. Training give you the possibility to practice the type of terrain, there will be at the official Påskeløbet.
